

SELF-DECLARATION OF THE HOST MAIN RESEARCHER (CEU)

The completion of this document is an **indispensable** requirement, in accordance with Law 31/1995, on Occupational Risk Prevention. It must be provided prior to the acceptance of the Vice-Rectorate for Teaching Staff and Research of Universidad-CEU for its assessment.

Name and surname	
Section	
School	
Visiting Researcher	
Exposed risks (<i>Chemical, biological, radiation...</i>)	

I declare that it has been provided to the visiting researcher:

- Protocol(s) implemented to minimize risks.
- Protocol for processing, transportation, and disposal of chemical and biological products, as well as waste or by-products generated.
- Protocol(s) implemented for action in the event of an accident that may affect people, facilities, or the environment.
- Risk assessment of work areas.
- Basic Safety and Health Standards in the Laboratory in its latest version.

I also declare that:

- I undertake to verify that the visiting researcher has understood the protocols.
- I guarantee that the researcher has been informed of how to act in case of accident and/or emergency and that they have the necessary personal protective equipment (PPE). It will be verified that they are kept in a correct state of use.
- I undertake to inform the Health Promotion, Safety and Welfare at Work Area in the event that I detect or become aware of visiting researchers exposed to risks that, due to their characteristics, are considered especially sensitive.
- I undertake to facilitate all health measures that I consider appropriate and within my reach, in order to ensure the health conditions of all potentially exposed persons.
- I will collaborate with the Area of Health Promotion, Safety and Welfare at Work by informing them of accidents and incidents that have occurred, or situations of risk.

In _____, at ____ of _____ of 20__.
