**REGULATION 3/2025 FOR THE DECLARATION OF
EQUIVALENCE OF FOREIGN HIGHER EDUCATION DEGREES
TO THE ACADEMIC LEVEL OF DOCTORATE OR DOCTOR OF
THE UNIVERSITY SAN PABLO-CEU**

Approved by the Governing Council, at its meeting held on May 21, 2025, and by the Board of Trustees of the University, at its meeting held on June 7, 2025.

PREAMBLE I

The second additional provision of **Royal Decree 889/2022, of October 18** , which establishes the conditions and procedures for the homologation, declaration of equivalence and validation of university degrees from foreign educational systems and which regulates the procedure to establish the correspondence to the level of the Spanish Framework of Qualifications for Higher Education of official university degrees belonging to previous academic systems, establishes:

"Second additional provision. Declaration of equivalence to the academic level of Doctor.

1. The universities are responsible for declaring the equivalence of foreign degrees to the academic level of Doctorate or Doctor. The statutory regulations of the public universities and those of the organization and operation of the private universities shall determine the competent body to make the declaration of equivalence, as well as the procedure to be followed, in their respective areas, to obtain it.

2. The procedure shall be initiated by means of a request from the interested party, addressed to the person in charge of the Rectorate of the university of their choice, accompanied by the documents requested by the university for this purpose.

3. The granting of the declaration of equivalence will be accredited by means of the corresponding certificate of declaration of equivalence issued by the university that grants it, which will state the foreign degree held by the person concerned and the university of origin. Prior to its issuance, the university will communicate it to the competent body of the General Secretary's Office of Universities, for the purpose of its registration in the special section of the National Register of Official University Graduates.

4. A foreign degree that has already been declared equivalent may not be subject to a new process of declaration of equivalence at another university. However, when the declaration of equivalence is denied, the interested party may initiate a new application at a different Spanish university.

5. The declaration of equivalence to the academic level of Doctor does not imply, in any case, the homologation, declaration of equivalence or recognition of another or other foreign degrees of which the person concerned is in possession, nor the recognition in Spain at a level other than that of Doctor."

II

In line with the above, it is the responsibility of Universidad San Pablo-CEU to approve the Regulations for the declaration of equivalence of foreign higher education degrees to the academic level of Doctorate. For this purpose, it is appropriate that the Rector, after the appropriate procedure, approves the resolution declaring the equivalence of foreign degrees

to the academic level of Doctor, taking into account Article 37.1.b) of the current Organization and Functioning Rules of the University, which states that it is responsible for *"issuing the degrees and diplomas awarded by the University"*.

Thus, these Regulations comply with the mandate established in the Second Additional Provision of Royal Decree 889/2022, of October 18.

By virtue thereof, the following is hereby approved

REGULATION 3/2025 FOR THE DECLARATION OF EQUIVALENCE OF FOREIGN HIGHER EDUCATION DEGREES TO THE ACADEMIC LEVEL OF DOCTORATE OR DOCTOR OF THE UNIVERSITY OF SÃO PAULO-CEU

Article 1. Purpose and scope of application.

1. The purpose of these Regulations is to establish, within the scope of Universidad San Pablo-CEU, the rules for the development and application of the Second Additional Provision of Royal Decree 889/2022, of October 18, which establishes the conditions and procedures for the homologation, declaration of equivalence and validation of university education from foreign educational systems and which regulates the procedure for establishing the correspondence to the level of the Spanish Framework of Qualifications for Higher Education of official university degrees belonging to previous academic orders.

2. For the admission to process applications for the declaration of equivalence of foreign higher education degrees to the academic level of Doctor at Universidad San Pablo-CEU, it will be an indispensable requirement that the foreign degree is related to official teachings of the doctoral programs taught at the **"CEU INTERNATIONAL SCHOOL OF DOCTORATE (CEINDO)"**. For this purpose, the Degrees Area of the Vice-Rectorate for Institutional Relations and General Secretary's Office may consult with the Academic Secretary's Office of the **"CEU International Doctoral School (CEINDO)"** on the existence of this effective relationship between the foreign degree and the doctoral programs offered therein.

CHAPTER I

Initiation of the procedure

Article 2. Initiation of the procedure.

The procedure shall be initiated by means of the presentation of an application by the interested party, addressed to the **Rector Magfco**, which must conform to the established model; the corresponding documents shall be attached to the same, in accordance with the provisions of articles 3 and 4 below of these Regulations. The application shall be presented in person by the interested party at the Degree Area of the Vice-Rectorate for Institutional Relations and General Secretary's Office.

1. Requests for equivalency must be accompanied by the following original documents, without prejudice to the provisions of article 6:

a) For foreign citizens, a valid passport proving the identity and nationality of the applicant, issued by the competent authorities of the country of origin or provenance; as well as the Foreigner's Identity Number (NIE)¹.

For Spanish citizens, a valid National Identity Card is required.

For this purpose, we inform that the NIE is an essential requirement for the issuance of official university degrees by Universidad San Pablo-CEU. The NIE can be obtained by the interested party, either in Spain, at the processing offices for foreign citizens of the National Police, or abroad at the Spanish Consular Offices of their place of residence.

d) Full copy of the **doctoral thesis in Spanish or English**, or failing that, the institutional repository in which the thesis is deposited and which can be accessed for consultation, indicating the language in which it is written.

e) Previous degree that has given access to the interested party to the title of Doctor whose declaration of equivalence is sought.

f) Academic certification of the studies carried out in order to obtain the previous degree that has given the interested party access to the degree of Doctor, stating, among other things, the official duration in academic years of the study plan followed, the subjects taken, the time load of each one of them and, if applicable, the corresponding ECTS credits obtained.

g) Document accrediting payment of the corresponding fees established for the administrative management and processing of the application; this amount shall in no case be refundable and does not cover the fees for issuing the certificate of equivalence which, if the application is accepted, must be paid separately, in accordance with the provisions of Article 13.2 of these Regulations.

h) Certification, if applicable, accrediting linguistic competence, in accordance with Chapter II of these Regulations.

i) Responsible declaration stating that the degree, whose equivalence to the academic level of Doctorate or Doctorate is sought from the Universidad San Pablo-CEU, has not already been declared equivalent in any other university; the applicant is also obliged to communicate any modification of this situation throughout the procedure, in the event that an application for equivalence has been submitted simultaneously in another university. The aforementioned declaration shall conform to the model published as **Annex II** of these Regulations.

2. Once the application has been submitted by the interested party, the examining body, ex officio or at the request of the Committee for the Recognition of Doctorate Equivalences, may require the interested party, at any time before the resolution to terminate the procedure is issued, to submit any other documents deemed necessary and relevant for the accreditation of the correspondence between the training leading to the foreign degree provided and that required to obtain the Spanish degree of Doctorate or Doctor whose declaration of equivalence is sought. To these effects, and with a merely enunciative and not limiting character, it is worth mentioning the correspondence of the characteristics of the training, duration, access requirements of the training received, as well as the training to which it gives access, including in its case the programs of the subjects in which the content and the extent with which they were studied are reflected or the academic documentation accrediting to have passed, in its totality, the studies demanded for the access to those studied for the obtaining of the foreign degree of higher education.

Article 6. Provision of copies of the original documents to be certified.

- 1.** In addition to the application, the interested party shall provide, together with each original document listed in article 4 above, a photocopy of the same. The Degrees Unit of the Vice-Rectorate for Institutional Relations and General Secretary's Office will collate the original documents, verifying the identity of their contents, returning the original documents to the interested party and will attach the corresponding copies to the application, once they have been stamped with a seal or accreditation of collation.
